

Welcome to CPD reimagined!

What is nasen Academy?

nasen Academy is a dedicated Learning Management System (LMS), offering a wide range of high-quality, online CPD courses focused on SEND. It's designed to support practitioners and professionals at every level with flexible, on-demand learning.

“

When we invest in professional development, we invest in better outcomes for all learners. nasen Academy is our commitment to that vision.”

What are the benefits?

nasen Academy puts you in control of your professional growth with flexible, practical, and role-specific CPD that fits your schedule. Engage with interactive, research-backed content, track your progress, and manage all your learning in one easy-to-use platform.

Explore nasen Academy

Start your future-focused professional learning journey today with nasen Academy. Explore on-demand SEND CPD designed by experts, aligned to real-world practice, and built to support professionals at every stage of their career.
