THE CAREERS & ENTERPRISE COMPANY

UK Government

Let's Make It Work.

200,000 young people.

200,000 opportunities to unlock talent.

Be part of a national mission to give young people aged 14–16 the chance to experience the world of work and see what's possible.

By opening your doors, you can help young people discover their strengths, build confidence and essential skills, and explore future careers while giving your organisation the opportunity to inspire and connect with your future talent.

Ready to get involved?

1. Pledge

Tell us the number of opportunities you can commit to and where you would like to deliver them.

2. Connect

We'll connect you with your local Careers Hub, who will help turn your pledge into opportunities for young people in your area.

3. Deliver

You'll have access to practical support and resources to help you provide high-quality, meaningful workplace experiences.

Over the coming weeks, the Government will spotlight progress towards our 200,000 work experience ambition, recognising employers stepping up and making a vital contribution to young people's futures. Don't miss out.

Your opportunity. Their future. Let's make it work.

The Careers & Enterprise Company is working in partnership with No.10 and the national network of Careers Hubs to help employers turn their pledges into high-quality modern work experience for young people across England.
